Attend THE NBM SHOW on Friday/Saturday, it is included with your registration!

In order to thrive in today's ever-changing world, embroidery and apparel decoration professionals need to be forward-looking. The NNEP's Embroidery & Digitizing Conference will help you master the skills to ensure that your business will have the agility and ability to thrive, not just survive. By attending these classes, you will have the opportunity to learn from leaders in the industry.

### WHO SHOULD ATTEND?

Embroidery and apparel decoration business owners will benefit. The program provides immediately applicable industry-specific knowledge to help you improve your profits, production workflow and digitizing abilities.

### PROGRAM BENEFITS

By attending this program, you will:

- Be able to **create a pricing structure** so that you no longer have to guess to set your prices, and you will know what your target profit levels are and how to reach them.
- Be able to **hoop challenging products** such as shoes, leashes, karate belts, purses, leather, boots and pant legs with confidence.
- Be able to **take care of your embroidery equipment** so that it continues to create top-quality embroidery and run as a well-cared for machine.
- Be able to create embroidery **designs that sew efficiently** in a production setting with the minimum number of stitches, color changes and thread breaks without compromising the quality of the resulting embroidery.
- Be able to create **small lettering** that looks crisp and sews without issues.

- Be able to know what **stabilizers** to use on the many different types of fabrics to control puckering, ripples and bad registration.
- Be able to create maximum impact with **applique designs** that dramatically reduce stitch counts while increasing the overall impact of the design.
